HEALTHY FOOD & STABLE HOUSING

Rising costs of food, rent, and childcare mean more families in our community are struggling to afford the basics.

We help families and individuals access healthy food and find and keep safe housing.

THRIVING CHILDREN

Every child can learn, grow, and thrive with quality childcare and education.

United Way works to ensure every child has the stability, resources, and network of relationships they need to grow.

FINANCIAL SECURITY

Every family can build a better life when they have a strong financial foundation.

We help people develop career skills, offer free tax preparation, and provide financial education and coaching so that people can make, keep, and grow the resources to achieve their goals.
